

# USA SWIMMING

## 2016-2017 Men's National Junior Team

To be selected to the National Junior Team, athletes must meet the General Selection Criteria. The Team will then be selected based on the following Performance Criteria: Priority One: The top two athletes in each individual Olympic event, Priority Two: The third and fourth ranked swimmer in the 100 and 200 meter long course freestyle, Priority Three: Additional FEMALE athletes who have a world ranking within, and including, the top 75 in an individual Olympic event and additional MALE athletes who have a world ranking within, and including, the top 100 in an individual Olympic event. If after applying all the selection procedures, the team size is below 26 men or 26 women, additional athletes will be included based on their highest world ranking, as outlined above, in an individual Olympic event until 26 men or 26 women are selected to the team. In meeting the minimum team size requirements, once an event has been filled with four swimmers no additional swimmers will be added in that event. Relay lead-offs, time trials, swim-offs and intermediate splits will NOT be considered. Long course times will be considered from January 1st, 2016 through and including August 31st, 2016 from all USA Swimming and FINA approved competitions. A minimum of 26 men and 26 women will be selected. For full and complete selection procedures please visit
