ISL REVEALS AQUA CENTURIONS, LONDON ROAR AND TOKYO FROG KINGS' ROSTERS AHEAD OF THE ISL SEASON 2 COMPETITIONS IN BUDAPEST

Paris, October 7th, 2020

With less than 10 days to go before the start of the Season 2 in Budapest, International Swimming League (ISL) is pleased to unveil the team rosters for Aqua Centurions, London Roar, Tokyo Frog Kings, for the upcoming 2020 regular season and semi-finals to be hosted at the Duna Arena in Budapest.

From October 16th, 2020 elite swimming athletes will be able to resume competitive sport, **during a condensed 5-week schedule** released earlier this week, for the only major competition to feature the world's best swimmers this year.

Looking at the Aqua Centurions' roster, Apostolos Tsagkarakis, Technical Director of ISL declared: "The Aqua Centurions, whose name is derived from the Roman Centurions, was probably the team with the loudest fans in the league last year! Comprised of Italian and international champions from all parts of the world, the team has shown incredible chemistry and it has potential to win good points in each race. I very much look forward to seeing how these top-notch swimmers plan to once again channel the mentality of ancient Romans this year!"

Regarding London Roar, he continued: "This team is a great example of the talent that exists in the swimming world. Last season, they showed their dominance in some relays and literally "owned" certain events. They came so close to winning last year's championship that came down to the last race! I can only imagine how hungry they are to win it this time around."

Finally, commenting on the Tokyo Frog King, he added: "Today we are introducing our other rookie club. Recruiting top talent and entering ISL in Season 2, was not an easy task at all. I really believe this team has the potential not only to make it to the final, but also win the Championship. The Japanese core of the team together with strong international swimmers make Frog Kings one of the toughest teams to beat."

Previous teams' roster announced:

DC Trident, LA Current, Cali Condors, New York Breakers
Energy Standard Paris, Team Iron and Toronto Titans

Aqua Centurions is trained by Head Coach Matteo Giunta, led by General Manager Alessandra Guerra and based in Rome.
